

# Upgrade Information

**Release: April 2026**

## Point of Sale

- IHG Address validation system has been updated to ensure that future SSL certificates work
- Zip Pay Updates
  - Processing refunds will no longer freeze
  - Internal update to the API URL
- When setting the Cost on a Buy In Tracked product in Point of Sale, if there is Stock On Hand the system will no longer update the Average Cost of the Buy In Tracked product.

## Bank Import

- Bank import can be configured to send debtor receipt emails
- A file lock issue has been solved where the interface would show the file is in use by another process
